Vampire starts with 'V,' Holmes.
"Felix Primm, opium trafficker."
"The Five Orange Pips." What ever
did happen with those hooded
figures in America? Ah, here we
are! "The Fleet-Street Killer."

Sherlock sits - eyes closed.

WATSON (CONT'D)

"Targets young ladies. Bodies were
found with wounds to the chest, two
small bites on the neck, mosquito,
and pale complexions suggesting
rapid blood loss over a short
period of time." In light of recent
events, might I suggest we rule
out, the mosquito.

But Ashworth? Am I to believe our
Killer has expanded his palate
beyond the fairer sex?

The Sergeant enters, in a huff!
